

Over 450 Shelf Edge Solutions

Test Clear Scan® Shelf Edge Labeling FREE and save on labeling costs and labor. Call for complete details.

- Flip-up Label Holders: Flexible living hinge allows the holder to swing up, out of the way for easier product access, then fall back to vertical.
- Spill-proof Bottom Load: Labels and promo tags insert from bottom, held by built-in friction clip. Closed top protects from spills and shelf cleaning.
- Freezer Capable Labeling: No bleeding ink; wet, unstuck labels; or costly, loose price tag chips. Plain paper labels drop right in, protected by clear window.
- Built-in Sign Clips: Eliminate the need for separate clips; insert your sales message on 8-10 pt. stock instantly for a quick, cost-effective signage program.
- Universal Bottom Mount: Fits both C-channel & wire shelving for added installation flexibility.
- Save up to 65% on labels and up to 75% on labor; upgrade store decor, shopability and price presentation; realize R.O.I. in less than 9 months.
