

Triple Threat Backplate Mounts to Pegboard Slatwall or Backbar

Oversize Backplate mounts on Pegboard, Slatwall or Bar Merchandiser.

Lower arms and cross pin reinforce the assembly for stability and added strength.

Well suited for hardware, automotive, household cleaning, home improvement, and craft retailing.

Undulations provide specific product-stopped locations for item display.

Custom-from-Stock Super-Duty Product-Stopped Double Arm Utility Hook

Featuring an oversize Backplate to distribute heavy loads, this hybrid hook design is equally at home on Pegboard, Slatwall and Bar Merchandiser.

Backplate and Frontwires were designed, manufactured, assembled and powdercoated onsite for maximum savings. The undulations of the dual arms create product stops for improved item spacing and retention. Reinforcing arms below guarantee stability of fixture and display. This custom-from-stock creation provides the best possible presentation for heavy hardware.
